

My Health Record in Pharmacy

WORKSHOP SERIES – WESTERN AUSTRALIA

Overview

Following the My Health Record expansion program, all Australians will have a record by the end of 2018 unless they indicate that they do not want one. This will support timely access to important health information by both patients and their treating healthcare providers, and improve patient health outcomes.

This workshop will introduce the My Health Record system and explore its features and functionalities, and benefits and uses, as they relate to pharmacy practice. The workshop will prepare participants to engage with the system and integrate it with their clinical workflow.

Light refreshments, tea/coffee and workshop materials will be provided.

Registration*

This is a free event, however places are limited, so registration is recommended. Please register for your chosen location via the following link:

Bunbury: <http://www.psa.org.au/?p=74447>

*If you do not wish to register online, please contact the PSA Offices:

E: digitalhealth@psa.org.au

P: 1300 369 772 | F: 1300 369 771

Location	Date and time	Address
Bunbury	Tuesday 17 April 2018 6.30– 9.00 pm (AWST)	St John of God Bunbury Hospital Conference Room 2 Corner Robertson Drive and Bussell Highway Bunbury, WA

Learning Objectives

At the completion of this workshop, participants will be able to:

- List the features and benefits of My Health Record in pharmacy practices
- Describe how to communicate the benefits of the My Health Record system to patients
- Describe the privacy and security measures taken to protect My Health Record and how to discuss privacy concerns
- Describe how more comprehensive clinical information (access via My Health Record) can contribute to patient care
