HCH 1000 – Health Care Homes

Activity Title

Health Care Homes

Activity Number

1000

Existing, Modified or New Activity

Existing

Program Key Priority Area

Population Health

Aim of Activity

Health Care Homes is a national program that transforms the way care is provided for people living with a chronic and complex health condition.

The Perth North Primary Health Network (PHN) is one of ten PHN regions selected for the national trial.

Through the Health Care Homes model, general practices participating in the trial commit to high quality, safe, evidence-based care appropriate to the patients' needs, planned around person-centred goals, flexible delivery, and access.

The PHN will support those general practice clinics and Aboriginal Community Controlled Health Services with varied and appropriate activities.

Description of Activity

Activities planned for the period 1 July 2019 to 30 June 2021 include:

- Chronic Disease nursing skills
 - Orientation to general practice (and APNA membership)
 - Mental Health First Aid training for nurses
 - Nursing skills in Spirometry
 - Chronic Disease Management
 - Coaching Katrina Otto
 - Data driven improvement 1:1 session
 - Challenging behaviour for front line staff
 - COP/Neighbourhood networking meetings catering
 - Asthma Fundamentals for Primary Health Nurses
 - Diabetes Management in the Primary Care Setting
 - Revisiting the fundamentals of Health Care Home
 - APNA conference attendance
-

Coverage

The Perth North PHN region.
