

# Disclaimer

WA Primary Health Alliance's publications and the material within them are intended for general information purposes only and may contain sensitive images and content that may be upsetting or disturbing, user discretion is advised. The material is not designed to be, and is not a substitute for, formal clinical guidelines, educational texts, or specific professional, medical or related advice or opinion, and should not be taken as such. Do not use our information as a substitute for the advice of a health professional.

The information may include the views or recommendations of third parties and does not necessarily reflect the views of WA Primary Health Alliance or a commitment to a particular course of action. Further, the information may contain sensitive images and content, which are used with all necessary consents and for clinical educational purposes only. The information (in any form) should not be copied, transmitted, distributed or used for any other purpose, including any purpose contrary to law.

Although we make reasonable efforts to provide quality and accurate information in our publications, to the extent permitted by law, we do not provide any guarantee or warranty that the information is complete, accurate, reliable, or suitable for all purposes. Any reliance you place on such material is therefore strictly at your own risk and you should obtain specific professional advice relevant to your particular circumstances.

To the full extent permitted by law, WA Primary Health Alliance, including our officers, employees and agents, shall have no liability to, and are released and indemnified by, any users of the information contained in these publications for any loss, injury or damage (direct, indirect, consequential or otherwise), cost or expense incurred or arising by reason of any user using or relying on the information contained in these publications whether caused by any error, negligent act, omission or misrepresentation in the information.

Where our publications contain links to other sites and resources provided by third parties, these links are provided for your information only. Such links should not be interpreted as approval by us of those linked websites or information you may obtain from them. We have no control over the content of those sites or resources and do not necessarily endorse their information.

If you notice any incorrect information in any of our publications, please [send feedback](#).
