

Data Model

What is the Chronic Conditions Data Model?

WAPHA is striving to capture robust, quality data from our service providers to help evidence the impact of these services and demonstrate the effect they have on patients' experiences and outcomes.

For chronic conditions service providers, this means reporting a broader range of information to WAPHA, with the introduction of reporting requirements relating to client demographics, record of presentation history and practitioner contacts. Data model fields are outlined in the below table and are required to be reported on effective 1 July 2023.
