

# Integrating Clinician Assist WA into Practice

## Presented by WA Primary Health Alliance

Clinician Assist WA is a secure website providing GPs and other health professionals with guidance for assessing, managing and referring patients across Western Australia. It has replaced HealthPathways WA, offering the same trusted local guidance, features and functionality and remains available at no cost.

The Clinician Assist WA team will run online demonstrations facilitated by a GP Clinical Editor throughout 2025 to support users. These sessions will demonstrate how to maximise integration of Clinician Assist WA into your clinical practice.

**To register**, click the desired date below, or scan the QR code to register via the [WA Primary Health Alliance event calendar](#).

Wednesday 12 March 2025 12:30pm to 1:15pm

Thursday 12 June 2025 12:30pm to 1:15pm

Wednesday 17 September 2025 12:30pm to 1:15pm

Tuesday 18 November 2025 12:30pm to 1:15pm

Demonstrations are open to general practitioners, general practice staff and other health professionals registered to practice in WA.

These sessions have been approved for 1 CPD Educational Hour with the RACGP (activity #807950)

Pre-activity (15 minutes):

- Complete the session specific activity - this will be emailed to you following your registration for your nominated session.

Demonstration (30 minutes), you will learn how to:

- Easily access and use the website to support your clinical practice.
- Access local clinical and referral pathways, including service information.
- Access condition specific tools, resources and Referral Access Criteria (RAC) (where available), as well as GPbook and visiting specialist rosters.

Q&A (15 minutes):

- Our GP Clinical Editor will be available to answer any questions, including those from your pre-activity.
