

WAPHA LEARNING WEBINAR

Managing chronic kidney disease (CKD) in primary care

GPs and other primary health care clinicians are invited to join us for the second webinar in this series with Kidney Health Australia.

This webinar will take a deep dive into managing chronic kidney disease (CKD) with a focus on chapter two of the CKD Management in Primary Care handbook (5th edition).

Webinar topics:

- Key management strategies for patients with CKD.
- Best practice pharmacological therapies for patients with CKD in the primary care setting.
- A 'sick day management plan' to avoid acute kidney injury, including which medications should be temporarily stopped when a patient with CKD is sick or dehydrated.

This webinar is accredited for 1 RACGP and ACRRM EA CPD hour.

WEBINAR 2

- 📅 Thursday 25 June
- 🕒 6:30pm to 7:30pm (AWST)
- 📍 Webinar

GUEST SPEAKER

Dr Ashley Irish
Clinical Professor
The University of Western Australia

Dr Irish is a Clinical Professor at the University of Western Australia, who graduated in 1982 with a Bachelor of Medicine/Bachelor of Surgery from the University of Melbourne.

He completed his fellowship of the Royal Australasian College of Physicians in 1990. Dr Irish provides inpatient and outpatient services at Fiona Stanley Hospital and St John of God Subiaco and Murdoch hospitals, and visits the Pilbara on a regular basis.
